I have a beautiful smile thanks to Dr. Chris. My front two upper teeth were concave in the middle. Dr. Chris gave me three choices for a fix. I chose to have veneers put on my front teeth, I no longer hesitate to smile with teeth showing! YEAH The process was painless!!! Thanks again Dr. Chris! Linda Thomas

Logos Dentistry and Dr. Kris Putrasahan offer the best dental care in the area. He is not only very skilled at his work, but his chairside manner is impeccable. The patient always comes first. They will work with you on a treatment plan and help you decide what your best options are. I have been a patient here since the office opened and have had many procedures done, all to my complete satisfaction. He also has a great network of referral dentists and providers if you are in need of major procedures that he feels would be better served by a specialist. It is so refreshing to have an honest and caring medical provider that is completely trustworthy. The staff always goes above and beyond to accommodate their patients. They are about long term relationships and total quality care. My daughter moved to California and still schedules appointments to see Dr.Kris when she is home visiting in Arizona.

I was so pleasantly surprised by how caring and kind the entire staff at Logos was. The office is clean and professional. The dentist was very kind and talked me through the process of putting on the crown before he began. He cared greatly about my comfort. I am not a great dental patient (I have sensitive teeth) but it went so smoothly. I am also so grateful to be able to use their in house dental plan. I paid a little over \$800 for my years worth of dental care (cleanings and X-rays), the build up for my crown and the crown itself. The whole thing was over \$400 cheaper than my old dentist quoted me just for the crown and now I have also paid for all my dental work for the year. For someone without dental insurance this is a no-brainer. And just to be clear, the fact that they are less expensive does not cut their quality. I received excellent care and was very impressed.

I have been Dr. Kris's patient since 2005. He takes very good care of my dental needs from cleaning, filling, crown, even root canal. He has excellent knowledge and experience. And he really cares about patient's dental health. I moved to Alaska since 2013, but I had to take special trips to Chandler two weeks ago because I only trust Dr. Kris to take care of my crown.

I'm a new patient to Logos but so far I am highly impressed with Dr. P. He is very kind, takes time to explain things, follows through with what he says he is going to do,

including following up with another doctor. His staff is very friendly as well. I felt that he is truly concerned about the health of my teeth but isn't pushy to have work done that isn't really necessary. Yet for the things that are necessary he is working with other specialist to get me the right treatment.

Wonderful inhouse insurance plan for those without dental insurance! Even our daughter who never liked going to a dentist, doesn't dread going now, but actually recommends this office with no reservations! So do we!!

I have seen few good dentists which I can recommend their work, but unfortunately all of them had the worst staff and assistants. Logos dentistry however was an

exception. Dr. Putrasahan was referred to me by a couple whose been his patient for few years. When I asked them about their dentist, they said he is the best. So I was sure that he was going to take good care of my teeth problems. But the experience was way better than my expectations. I am a last minute patient and just a week before leaving the U.S. for couple of months, I suddenly decided to go and see a dentist and take care of my teeth to make sure I can enjoy my vacation the best. Called my friend and got the number on Tuesday. Called them and talked with a very sweet lady. I explained that I like to see the doctor on the same week and hopefully on Friday morning which I was off and had no kids at home. She explained that they do not have an appointment on Friday morning and if they get a cancellation, she will call me. I received a call from her on Thursday explaining that still there is no Friday morning appointment, but they can see me on the afternoon at 1:45. I asked her to keep the appointment and still call me on Friday if anything opens up in the morning. She called again in morning just to tell me that she has not been able to reschedule my appointment in the morning, so I need to go there in the afternoon. I had no choice other than taking two kids with me to the appointment and I was very nervous about that. But upon arrival the staff was super friendly and the office was very kid-friendly. There were lots of kids books in the waiting area. A very nice lady with a beautiful smile guided us into the room within minutes upon arrival and told my kids to take the books they like with them into the room. The Doctor's assistant brought an extra chair from another room for my other kid to sit next to her sister. They had Netflix in the office! They played Netflix for my kids which made them feel like home. My kids enjoyed their favorite cartoons while the assistant took all the X-Ray pictures very gently and Dr. Putrasahan fixed my tooth. He was great and explained all the problems very clearly to me. He was very friendly with my kids as well. My 7 year old talked with him about her loose tooth and he explained her what to do :-). I had the best experience of my life in a doctors/dentist office. I highly recommend Dr. Putrasahan.

Dr Kris and staff have consistently provided excellent dental care for me and for my children. I had an emergency on a Sunday and Dr. Kris immediately responded and effectively assisted with my situation. He truly cares about his patients! I have referred friends to Dr Kris and they were so happy with their care that they brought in their extended families too!. I need to feel comfortable and understand my dental care so I usually ask many questions. Dr Kris takes the time to make sure he completely explains diagnosis and treatment. I have been to many dentists looking for the best and I have found that in Logos Dentistry. He has a welcoming staff and honors his appointments by being on time. That's also important to me as a working individual. Highly recommended. JR

Logos goes above and beyond a dental appointment. Dr. Kris has stayed late to accommodate me and my problem tooth. Dr. Kris is such a great dentist very gentle and knowledgeable. He takes the time to explain things in detail. He also is mindful in not doing unnecessary dental work. When my newborn baby was fussy during my teeth cleaning appointment his assistant stepped in and held her for me so she would not cry. They are also wonderful in accommodating all 3 of my girls by either working on their teeth or watching a movie! All of the staff are so wonderful and cheerful! I can't forget the best birthday present ever a personalized signed card with a gift card! Such a special touch! I have to say too the office is a beautifully designed and decorated and is such a calming and relaxing place to have your teeth worked on. To top it off you can watch a Netflix show with the special sunglasses to block out the bright lights. Dr. Kris and his staff make going to the dentist such a treat! I love all the details that they do to make it extra special. Thank you Dr. Kris and staff!

Dr. Putrasahan and his staff make you feel so comfortable, it takes away the phobia some people have about going to the dentist. My entire family sees him for our dental needs. He is very aware that all of us are trying to make the most of the dollars we spend on healthcare including dental care and he works closely with the insurance companies to help you get the most benefit from the coverage you have. The staff is excellent. They are mindful of the fact that our time is valuable also, and you rarely have to wait more than a few minutes before you are taken back for your appointment. AND he gives the best shots with little to no discomfort! He's the best!

I have seen several dentists over the years, but Kris Putrasahan and his staff are simply the BEST. They come up with a treatment plan that not only puts the patient FIRST, but they are very flexible in working with you over time for best results. Kris is not only an outstanding dentist, but a kind and caring provider which is not easy to find these days. Thumbs up to the entire staff at Logos for making our dental experiences very good ones. Thank you! Sande J

I needed a root canal because one of my teeth was causing me great discomfort. Dr. Kris started to preform the root canal but was unable to finish because one of the canals was hiding. I had to go to a specialist which he recommended and got it all taken care of. I am not finishing up the process of the crown with Dr. Kris. I feel that I am never rushed during any process. I really like the staff of Logos Dentistry especially Dr. Putrasahan. All of them are very accomodating and Dr. Kris always answers my questions and always willing to help. He always makes me feel comfortable whenever I'm in his clinic or doing my teeth. I will recommended his clinic to anyone. Thank you to all of you. I will see you all again.

Dr. Kris and his staff are amazing. I felt very comfortable and at ease. Dr. Kris really cared about my situation and listened to everything that I had to say. I know that I can trust him to take care of my teeth and provide excellent service. His staff is very friendly and welcoming. I loved the whole experience and look forward to working with Dr. Kris and his staff in completing my treatment. Thank you Logos!

Dr Putrasahan is probably the most conscientious dentist you will ever meet. He has genuine concern for your comfort and will do everything he can to minimize pain. He asks anytime he thinks you might be uncomfortable. He gives you his honest opinion on the condition of your teeth and recommends what is right for you. You don't have to worry about him giving you more "treatment" to make more money. You won't be disappointed in his services!

Dr. Kris takes what could be a tense situation (getting a filling replaced), and turns it into a confident, relaxing one. He is such a good dentist, and has an excellent, low-key way about him. He makes sure to explain what will happen and to check on how I am doing throughout the procedure.

Chris and his staff are caring and do excellent work. Probably what I appreciate most are Chris' integrity in letting me know exactly what had to be done, what could be postponed, and the cost. He also explains well what he is doing while he is working with the patient. His office staff are friendly and helpful. Logos claims to be "pain free" and indeed it is. I could actually relax in the chair while my procedure was being done.

Dr. Putrasahan is the best dentist I have ever met in my entire life. I have lived in three different countries and two different states in the U.S. and have known many dentists. But, Dr. Putrasahan is the best of the best in terms of his dental techniques, patient care, humanity, and everything. I am really really glad to have met him. As I am an international student studying at ASU, I have to leave the U.S. soon, but if I can stay in Arizona, I want to have him as my dentist for the rest of my life. Since I was child, I had hated dentists and was so reluctant about visiting dental offices. But, Dr. Putrasahan always thinks of patients first and that's why I was able to start

thinking about taking more care of my teeth for my health. He changed my cognition about the relationship between teeth and health. From the bottom of my heart, I appreciate everything Dr. Putrasagan has done for me. Thank you very much.

The art of communication is lost upon many people, but not here. What makes an experience that most people would rather put off, including myself, great is that the Dr. and his staff are always asking about my well being. From going over the procedure and making sure that I am comfortable to helping me make the best decision concerning costs. One of the few places concern about their patients first.

Dr. Kris and the Logos Dentistry family are amazing. I have been to other offices where I feel rushed in and out of the appointment but during my appointments at Logos I have friendly conversations with the technicians, front desk staff, and, of course, Dr. Kris. He even has a world map in the lobby with pins that show where all his patients are from which makes me feel like part of a big family. Also, Dr. Kris always makes sure to tell me to hold up my hand if I feel any discomfort. Luckily, I am yet to do this because of how gentle Dr. Kris and his staff are but knowing that he won't mind if I do hold up my hand makes me completely stress free. I truly appreciate the care I am given at Logos Dentistry and I am always happy to make a trip to the dentist!

To say that I think Logos Dentistry is the best family dentistry on the planet would be a huge understatement. My family & I discovered Dr. Putrasahan over 15 years ago prior to him going into practice at Logos. I knew then what an awesome, honest to goodness, fair and knowledgeable dentist he was and he and his family/staff continue to awe me in the service, technology and just plain fairness they provide to each and everyone of their patients. It's wierd to say patient because I feel once you go to Logos one immediatley becomes part of their family and friends with them all. I feel truley honored and blessed to have them in our lives not only as thee best dentist on

the planet but also to be able to call them and feel their friendship in my heart. I love the fact that they "pay it forward" and give their blessings bestowed on them to others at all times. I know this sounds wierd but I look forward to each and every dental appointment & cleaning at Logos.
